Welcome

It is with great pleasure, as President Elect of the HSE Group of the Irish Dental Association, that I welcome you to Galway for our Annual Seminar, and to the idyllic venue of the Galway Bay Hotel.

This year's programme has been expanded to three full days. We are delighted to have speakers from Ireland, the UK and Europe presenting on a wide range of topics of relevance to practice in the Public Dental Service. In addition to fulfilling our CPD requirements this seminar is a major contributor to maintaining high standards and quality care for our patients.

We have seen many changes to the HSE Dental Service over the last 18 months and the programme will include an update on the Public Service reforms.

I am delighted to welcome Dr Ambrose McLoughlin, Secretary General of the Department of Health to give an address on Wednesday, October 10.

Our annual Team Day will take place in Thursday, October 11, to which we welcome our dental nurse and dental hygienist colleagues. There will be a full trade show, which I encourage you to visit.

Finally, our Seminar would not be complete without a fun social programme, the highlight being our Gala Dinner on Thursday evening – a great night is promised!

I look forward to meeting you all in Galway.
