# ANNUAL SCIENTIFIC MEETING

Welcome to this year's Metro Branch Annual Scientific Meeting. Following feedback from you, our members, we are going for a new two-day format this year.

On Friday afternoon we will be running 'hands-on' courses in oral surgery and restorative dentistry. Saturday will be an all-day event of short practical presentations. There will be plenty of refreshments to keep you all fuelled and breaks to stretch your legs as you make your way around the trade exhibition.

Lectures will be followed by a drinks reception in the trade area and our annual dinner, which will incorporate the Retired Dentists' dinner.

I look forward to seeing you there.

A big thank you to all of our sponsors without whom these meetings would not be possible. I encourage you to return the favour and support those who support us.

**Dr Laura Houlihan**

President of Metropolitan Branch, IDA.
