HANDS-ON COURSES

**COLTENE®**

## Componeers: An Alternative to Porcelain?

### HALF-DAY PRACTICAL COURSE

This course will demonstrate the technique for placing componeers. This is a new and versatile way to restore anterior teeth. Cases can be completed in one visit, saving on laboratory costs and surgery time. The resulting finish is superior to that of free hand composite and is comparable to porcelain.

### PARTICIPANTS WILL LEARN:

1. Evaluation of case suitability.
2. The protocol for componeer placement.
3. Hands-on placement by delegates.
4. How to review clinical cases.

#### Dr Garry Heavey

Garry qualified from the DDH prior to working as a general practitioner in England and, for the last 27 years, in Sandycove, Co Dublin. He gained his DipClinDent from TCD and was elected a Fellow of the International College of Dentists in 1999.

Garry is a past President of the IDA and the Irish Dental Council. He served as Vice Chair of the Board of the DDH and is currently chair of the IDA CPD Committee. He is the Dento Legal Consultant for DPL in Ireland, and is a member of the DPL Board. He has lectured nationally and internationally on a wide range of dental topics – notably practice management.

### HALF-DAY COURSE

Friday, September 16 – 2.00pm-5.30pm  
Saturday, September 17 – 10.00am-1.30pm

### Price

€250 Member  
€500 Non-Member
