

Cardiac First Response (CFR) Advanced Course

Saturday, 12th October 2013
Rochestown Park Hotel, Cork

As you are aware, Medical Emergencies including CPR are a core subject area for Continuing Professional Development for dentists.

The aim of this course is to equip the responder or practitioner with the skills and knowledge required to respond to an adult, child or infant cardiac or airway emergency.

Course Content

- Adult CPR
- Child CPR
- Infant CPR
- Use of a CPR pocket mask
- Use of an Automated External Defibrillator (AED) on an Adult
- Management of Foreign Body Airway Obstruction in Adult, Child and Infant
- Aspirin administration for suspected Cardiac chest pain
- Recovery Position.
- Critical Incident Stress Management
- Use of Advanced Airway
- 2 Rescuer CPR (Adult, Child & Infant)
- Oral Suctioning
- Oxygen administration
- Using a defibrillator on a Child victim

Materials

All participants are supplied with the PHECC Cardiac First Responder manual and a CPR pocketmask each.
