

Continuing professional development (CPD) complements formal undergraduate and postgraduate education and training.

The Dental Council recommends that dentists complete and keep records of at least 50 hours of CPD per year, at least 20 of which should be verifiable CPD.

With this in mind, the CPD Committee of the Association has organised a CPD Roadshow to be presented in six locations throughout the country.

Each seminar will run from 10.00am to 1.00pm on a Saturday and the programme is designed so that four speakers will present each day.

Lectures are being organised in the core areas of CPD (see list of topics and proposed speakers).

These events will be open only to IDA members at a fee of €60 per delegate, and are designed to allow members to access CPD on a regional basis.

HOW THE ROADSHOW WORKS

CPD will be delivered over six locations this year. Each day will commence at 10.00am and conclude at 1.00pm. Each presentation will be of 40 minutes' duration.

SLIGO Saturday 11th October 2014
Radisson Hotel

CORK Saturday 4th October 2014
Rochestown Park Hotel

KILKENNY Saturday 15th November 2014
