

HANDS-ON ORAL SURGERY

DR NAOMI RAHMAN
Oral Surgeon in Dublin, Kildare and Meath and part time lecturer in Dublin Dental University Hospital

DR SEAMUS ROGERS
Oral Surgeon in Dublin and Galway

Oral surgery for the general practitioner

Drs Naomi Rahman and Seamus Rogers

This course will cover practical tips for the general dental practitioner in minor oral surgery. It is aimed at giving the general practitioner the skills to surgically remove teeth or roots in general dental practice.

Discussion will centre on:

- basic flap design for surgical extractions;
- demonstration of the surgical kit and instruments;
- all suturing techniques (including simple interrupted, horizontal, and vertical mattress sutures); and,
- bleeding control methods.

Participants will have the opportunity to first watch the techniques on a large screen and then practice on a model under the instruction of Naomi and Seamus.

Learning objectives:

Upon completion of this course, the attendee should be able to: cut a surgical flap; suture with confidence; and, control bleeding in a patient.

*** ALL DELEGATES ARE ASKED TO BRING THEIR OWN SUTURING KITS WITH THEM ON THE DAY**
