

EUROPERIO 8

JUNE 3-6, 2015
ExCeL, LONDON, UK

2ND ANNOUNCEMENT

8th Conference of the European Federation
of Periodontology

www.efp.org

WELCOME WORDS

Dear Friends and Colleagues,

The clock is ticking and the countdown to EuroPerio8 is on! The organizing committee is working flat-out to bring you the biggest and best EuroPerio ever, the World's leading conference in Periodontology and Implant Dentistry.

We have a superb scientific programme, with over 100 of the leading international speakers in the fields of Periodontology and Implant Dentistry. There are lots for all the Dental Team, with parallel sessions running throughout the meeting on the latest in Specialist Periodontal Practice, Implantology, the latest scientific advances in the fields, and practical periodontology for the general dentist and dental hygienists. In addition, we want to hear what you have to say so please submit your abstracts for the free oral and poster sessions.

We have a great social programme lined up for networking and to enhance your enjoyment of the event. This year we include, for the first time, a conference party – be sure to register early and book this event as tickets are strictly limited and are sure to sell out.

We hope you will also find some time to enjoy the amazing city of London. There are so many sight to see, things to do and places to eat that we hope you can't fail to enjoy this very special venue.

So please save the dates, keep up to date with our website, submit your abstracts and don't forget to register before the end of February to take advantage of the large discount on registration fees at our "Early Bird Rates."

It will be my great honour and privilege to welcome you all to London in June 2015.

Francis Hughes
Chairman of the EuroPerio8
Organising Committee

IMPORTANT DATES

Monday, September 22, 2014

Start on-line registration and abstract submission

Friday, November 28, 2014 – 12:00 CET

Deadline for submission of abstracts

Deadline for submission of manuscripts for the EFP Clinical Research Prize in Periodontology (Jaccard Prize)

Tuesday, February 17, 2015

Latest notification / classification of accepted abstracts

Friday, February 27, 2015 – 12:00 CET

End of early registration fee

Wednesday, May 13, 2015

End of regular fee and on-line registration

Wednesday, June 03 – Saturday, June 06, 2015

EuroPerio8 Conference

WHY ATTEND

TAKE ADVANTAGE

of networking opportunities
with the best and brightest of your profession

KEEP UP with the major issues, new
trends and techniques in
Periodontology, Implant
Dentistry and Dental Hygiene

MEET

with and listen to top international speakers

DISCOVER and evaluate products and services offered by the industry

EXPERIENCE

London – no need to tell
you more about this

SHARE experience,
information
and tips
with your peers

LEARN

best practice based
on hard evidence

PARTICIPATE
in a landmark event

EUROPERIO8 COMMITTEES

ORGANISING COMMITTEE

Chairman

Francis Hughes, United Kingdom

Scientific Chairman

Mariano Sanz, Spain

Conference Treasurer

Korkud Demirel, Turkey

EFP Conference Committee Chairman

Jean Louis Giovannoli, France

EFP Secretary General

Stefan Renvert, Sweden

EFP Treasurer

Joerg Meyle, Germany

British Society of Periodontology Representative

Nikolaos Donos, United Kingdom

EFP President

Phoebus Madianos, Greece

EFP Officer

Juan Blanco Carrion, Spain

EFP President Elect

Soren Jepsen, Germany

EFP European Coordinator

Mónica Guinea, Spain

AMBASSADOR COMMITTEE

Chair

Nikolaos Donos, United Kingdom

Michael Müller, Austria

Katrien Vermylen, Belgium

Goran Žuric, Croatia

Michal Žitňanský, Czech Republic

Uwe Vestergaard Henriksen, Denmark

Ulvi Kahraman Gürsoy, Finland

David Nisand, France

Bettina Dannewitz, Germany

Spyros Vassilopoulos, Greece

Attila Horváth, Hungary

Jennifer Kearney, Ireland

Orly Nir Shapira, Israel

Piero Casavecchia, Italy

Daiva Askinyte, Lithuania

Ismaili Zouheir, Morocco

Kristin Kollveit, Norway

Pawel Plakwicz, Poland

Francisco Brandão de Brito, Portugal

Marina Giurgiu, Romania

Maria Zyablitskaya, Russia

Natasa Nikolic-Jakoba, Serbia

Rok Gaspersic, Slovenia

Francisco Vijande, Spain

Linda Persson, Sweden

Dominik Hofer, Switzerland

Dick S. Barendregt, The Netherlands

Cem Gurgan, Turkey

Julia Braun, Ukraine

Matthew Perkins, United Kingdom

Dhru Shah, United Kingdom

SCIENTIFIC PROGRAMME

The scientific programme of EuroPerio8 has been designed to appeal to specialists and generalists alike.

Find the preliminary programme overview as per printing date (August 2014) on the following pages.

The published programme is subject to change. Regularly updated information can be found on the conference website via www.efp.org

WEDNESDAY, JUNE 3, 2015

preliminary programme overview as per December 2014

- Plenary Lecture & Special Session
- Periodontology
- Implant Dentistry
- Research & Clinical Innovation
- Practical Periodontics for the General Practitioner and Dental Hygienist
- Diamond Sponsor Workshop
- Sponsor Session

13:45–15:15				
15:15–16:00	Asian Pacific Session Murakami (Japan), Jin (Hong Kong), Bartold (Australia), Viathilingam (Malaysia)	Patient Focused Session	Sponsor Sessions (details see page 16 ff.)	Diamond Sponsor Workshop (details see page 16 ff.)
16:00 – 16:45		International Journal of Dental Hygiene Research Symposium Öhrn (SE), Suvan (UK), Jönsson (NO), Slot (NL) (details see page 15)		
16:45–17:00	Break			Break
17:00–18:30	Opening Ceremony			
followed by:	Welcome Reception & Exhibition Opening			

THURSDAY, JUNE 4, 2015

preliminary programme overview as per December 2014

- Plenary Lecture & Special Session
- Periodontology
- Implant Dentistry

- Research & Clinical Innovation
- Practical Periodontics for the General Practitioner and Dental Hygienist
- Sponsor Session

08:45 – 10:00	Plenary Lecture						
	World Film Premiere						
10:00 – 10:30	Coffee Break						
	Master Clinician Forum: Perio - Mucogingival Surgery	Critical Factors in Implant Dentistry	Understanding Periodontitis: Current Base Knowledge	Contemporary Practical Periodontics			
10:30 – 12:00	The choice of the surgical technique – Burkhardt (CH), De Sanctis (IT), Zuhr (CH)	Outcomes in Implant Surgery: Timing of Implant Placement – Hammerle (CH), Cosyn (BE), Chen (AU)	Determinants of Disease Susceptibility – Papapanou (US), Bostanci (CH), Hourri Haddad (IL)	Innovative Approaches to Instrumentation – Warrer (DK), Reners (BE), Braun (DE)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Sessions
12:00 – 12:30	Break						
12:30 – 14:00	Sponsor Sessions (details see page 16 ff.)						
14:00 – 14:30	Break						
14:30 – 16:00	The treatment of Multiple Recession Defects – Goldstein (IL), Cairo (IT), Zabalegui (ES)	Critical Factors in Implant Surgery – Merli (IT), Vercurryssen (BE), Blanco (ES)	The Biofilm Challenge – are there key roles for specific bacteria? – Kilian (DK), Moter (DE), Curtis (UK)	Effective Plaque control – West (UK), van der Weijden (NL), Figuero (ES)	EFP Clinical Research Prize in Periodontology (Jaccard Prize) Presentations	Research & Clinical Innovation	Sponsor Sessions
16:00 – 16:30	Coffee Break						
16:30 – 18:00	Innovative and emerging technologies – Demirel (TR), Allen (US), Aroca (FR)	Critical Factors in the surgical treatment of Peri-implantitis – Meyle (DE), Romeo (IT), Renvert (SE)	The Host Response – Shapira (IL), Chapple (UK), Hajishengallis (US)	Effective Risk Factor Management in Periodontology – Jepsen (DE), Ramseier (CH), Heasman (UK)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Sessions
starting 19:30	Evening events organised by National Societies / Congress Party (by ticket only)						

FRIDAY, JUNE 5, 2015

preliminary programme overview as per December 2014

	Critical Factors in Periodontal Regeneration	Master Clinician Forum: Implants	Understanding Periodontitis: Current Base Knowledge	Contemporary Practical Periodontics			
08:30–10:00	Current State of the Art in Periodontal Regeneration – Machtei (IL), Cortellini (IT), Eickholz (DE)	Treatment of the anterior maxilla in challenging Situations – Grunder (CH), Bonnet (FR), Dawood (UK)	Biomarkers and Tissue Destruction – Buduneli (TR), Sorsa (FI), Giannobile (TR)	Effective Management of Halitosis – Yaegaki (JP), Quirynen (BE), Roldan (ES)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Session
10:00–10:30	Coffee Break						
10:30–12:00	Innovative and emerging technologies for Periodontal Regeneration – Sculean (CH), McGuire (US), Bartold (AU)	Treatment of the Posterior Maxilla in Challenging Situations – Artzi (IL), Trombelli (IT), Nisand (FR)	Aetiology of Periodontal Diseases – van der Velden (NL), Needleman (UK), Hujuel (US)	Critical Factors in The Assessment of Periodontal and Peri-implant Disease – Serino (SE), Barendregt (NL), Fardal (NO)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Sessions
12:00–12:30	Break						
12:30–14:00	Sponsor Sessions (details see page 16 ff.)						
14:00–14:30	Break						
	Critical Factors in Aesthetic Outcomes for Implant Placement	Periodontal Specialist Forum	Understanding Periodontal Systemic Associations: Current Base Knowledge	Contemporary Practical Periodontics			
14:30–16:00	Aesthetic outcomes in Implant Surgery: Choosing the right device – Hürzeler (DE), Schwarz (DE), Sailer (CH)	Management of Patients with Severe Chronic Periodontitis – O'Brien (IE), Giovannoli (FR), Rocuzzo (IT)	Periodontitis and Cardiovascular Disease – Linden (UK), Tonetti (IT), Madianos (GR)	Effective Non Surgical Therapies to Treat Peri-implantitis – Aass (NO), Kuru (TR), Arweiler (DE)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Sessions
16:00–16:30	Coffee Break						
16:30–18:00	Aesthetic Outcomes in Implant Surgery: Tissue Augmentation – Zucchelli (IT), Sicilia (ES), Jung (CH)	When should we use Systemic Antimicrobials? – van Winkelhoff (NL), Mombelli (CH), Herrera (ES)	Periodontitis and Diabetes – D'Aiuto (UK), Preshaw (UK), Kocher (DE)	Differential Diagnosis of Diseases of the Periodontal Tissues – Alcoforado (PT), Lewis (UK), Wagner (DE)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Sessions
18:00–18:15							
18:15–19:45	Sponsor Sessions (details see page 16 ff.)						
20:00	Evening for Events organised by the Industry						

SATURDAY, JUNE 6, 2015

preliminary programme overview as per December 2014

- Plenary Lecture & Special Session
- Periodontology
- Implant Dentistry
- Research & Clinical Innovation
- Practical Periodontics for the General Practitioner and Dental Hygienist
- Sponsor Session

	Critical Factors in Bone Regenerative Therapies in the Anterior	Periodontal Specialist Forum	Understanding Peri-Implantitis: Current Base Knowledge	Contemporary Practical Periodontics			
09:00–10:30	Implants: Critical Factors in Bone Regenerative Therapies in the Anterior Maxilla – Dahlin (SE), Urban (HU), Schwartz (IL)	Prospects for Novel Biological Treatments of Periodontitis – Kornman (US), Kantarci (US), Culshaw (UK)	Aetio-pathogenesis of Peri-Implantitis – Loos (NL), Berglundh (SE), Salvi (CH)	Patient perspectives of periodontal diseases – Graziani (IT), Lalla (US), Bouchard (FR)	Research & Clinical Innovation	Research & Clinical Innovation	Sponsor Session
10:30–11:00	Coffee Break						
11:00–12:00	Keynote Lecture: The bone of the alveolar process and the edentulous ridge – Lindhe (SE)	Keynote: Bioengineering of Teeth – A completely novel type of dental Implant? – Sharpe (UK)	Keynote: Insights in Periodontal Therapy Lang (CN)		Sponsor Sessions (details see page 16 ff.)		
12:00–12:15	Break						
12:15–14:00	Final Session: 25 years of European Periodontology						
14:00–14:15							
19:00–00:00	Official Congress Dinner/Gala Evening (by ticket only)						

SCIENTIFIC PROGRAMME

Preliminary programme as per December 2014. Subject to change.

 Simultaneous translation provided as follows (as per August 2014):

 French  German

THURSDAY, JUNE 4, 2015

Plenary Lecture

A Geneticist's Apology: Nature, Nurture, or Neither?

Steve Jones FRS. Principal Research Fellow in Genetics, Evolution and Environment, University College London, United Kingdom

Movie Premiere

Cell-to-cell communication – A world film premiere not to be missed!

Quintessence Publishing together with Sunstar Foundation have the pleasure of announcing the release of another fascinating film project linking Oral Health to Systemic Health. For the first time, the proceedings of a European Federation of Periodontology (EFP) Workshop, on the associations linking Periodontal and Systemic Diseases, will be captured via a sophisticated HD video animation, and premiered at the opening of the EuroPerio 8 Congress June 3 – 6, 2015, in London.

Master Clinician Forum: Perio-Mucogingival Surgery

The choice of surgical technique

Basic surgical principles

Rino Burkhardt, Switzerland

Use of the advanced flap

Massimo De Sanctis, Italy

Use of autografts

Otto Zuhr, Switzerland

The treatment of Multiple Recession Defects

Etiology, indications and treatment options

Moshe Goldstein, Israel

Evaluation of clinical and aesthetic outcomes

Francesco Cairo, Italy

Efficacy in the use of tunnelling techniques

Ion Zabalegui, Spain

Innovative and emerging technologies

Future approaches to soft tissue regeneration

Korkud Demirel, Turkey

Use of Allografts

Pat Allen, United States of America

Use of Xenografts

Sofia Aroca, France

Critical Factors in Implant Dentistry

Outcomes in Implant Surgery: Timing of Implant Placement

Treatment options and clinical decisions

Christoph Hammerle, Switzerland

When are immediate implants indicated?

Jan Cosyn, Belgium

Use of early or delayed placement of Implants

Stephen Chen, Australia

Critical Factors in Implant Surgery

Advanced surgical approaches to implant placement

Mauro Merli, Italy

Guided implant placement solutions

Marjolein Vercruyssen, Belgium

Immediate implant placement with immediate function

Juan Blanco, Spain

Critical Factors in the surgical treatment of Peri-implantitis

Rationale for the surgical therapy of peri-implantitis

Joerg Meyle, Germany

Efficacy of access flap surgical approaches

Eugenio Romeo, Italy

Efficacy of regenerative surgical approaches

Stefan Renvert, Sweden

Understanding Periodontitis: Current Base Knowledge

Determinants of Disease Susceptibility

Current knowledge of the role of disease susceptibility

Panos Papapanou, United States of America

Proteomic Approaches to Identify Disease Susceptibility Markers

Najihan Bostanci, Switzerland

Understanding Genetic Susceptibility to Periodontitis

Yael Hourii Haddad, Israel

The Biofilm Challenge – are there key roles for specific bacteria?

Current knowledge on the bacterial etiology of periodontitis

Mogens Kilian, Denmark

Understanding the Biofilm: composition, interactions and complications

Annette Moter, Germany

The Role of Specific Bacteria in Modulation of the Biofilm

Mike Curtis, United Kingdom

The Host Response

Current knowledge on the role of the host response

Lior Shapira, Israel

New paradigms in innate immunity

Iain Chapple, United Kingdom

New paradigms in bacterial-host interactions

George Hajishengallis, United States of America

Contemporary Practical Periodontics

Innovative Approaches to Instrumentation

Are there effective alternatives to manual instruments

Kirsten Warrer, Denmark

Use of Power Driven and Airflow Scalers

Michele Reners, Belgium

Use of Lasers and Photodynamic Therapy

Andreas Braun, Germany

Effective Plaque control

Importance of oral hygiene and plaque control

Nicola West, United Kingdom

Mechanical Plaque control

Fridus van der Weijden, The Netherlands

Chemical Plaque Control

Elena Figuero, Spain

Effective Risk Factor Management in Periodontology

Key risk factors in the aetiology of periodontitis

Soren Jepsen, Germany

What To do With The Heavy Smoker

Christoph Ramseier, Switzerland

Impact of medical conditions on Periodontal Disease and Its Treatment

Peter Heasman, United Kingdom

FRIDAY, JUNE 5, 2015

Critical Factors in Periodontal Regeneration

Current State of the Art in Periodontal Regeneration

Current approaches in Periodontal Regeneration

Eli Machtei, Israel

Advances in the management of infrabony lesions

Pier Paolo Cortellini, Italy

Advances in the management of furcation lesions

Peter Eickholz, Germany

Innovative and emerging technologies for Periodontal Regeneration

New approaches in periodontal regeneration

Anton Sculean, Switzerland

Alternatives for autogenous grafts: outcomes, attachment and stability

Michael McGuire, United States of America

Prospects for the Use of Stem Cells for Periodontal Regeneration

Mark Bartold, Australia

Critical Factors in Aesthetic Outcomes for Implant Placement

Aesthetic outcomes in Implant Surgery: Choosing the right device

Key factors in the selection of the implant, abutment or restorative material

Markus Hürzeler, Germany

Importance of the Implant-Abutment Interface

Frank Schwarz, Germany

Importance of choosing the Right Biomaterial for Implant Restorations

Irena Sailer, Switzerland

Aesthetic Outcomes in Implant Surgery: Tissue Augmentation

Key factors for achieving successful outcomes with soft tissue grafting around implants

Giovanni Zucchelli, Italy

Effective combination of bone and soft tissue regeneration

Alberto Sicilia, Spain

Effective use of soft tissue substitutes

Ronald Jung, Switzerland

Master Clinician Forum: Implants

Treatment of the anterior maxilla in challenging Situations

Key factors in the treatment of the anterior maxilla

Ueli Grunder, Switzerland

Treatment planning and sequence of therapy

Frank Bonnet, France

Utilising 3-D Solutions to optimise outcomes

Andrew Dawood, United Kingdom

Treatment of the posterior maxilla in challenging Situations

Key factors in the treatment of the posterior maxilla

Zvi Artzi, Israel

Innovative approaches to sinus lifting

Leonardo Trombelli, Italy

Effective use of short implants

David Nisand, France

Periodontal Specialist Forum

Management of Patients with Severe Chronic Periodontitis

Key factors in treatment planning

Tiernan O'Brien, Ireland

Combined periodontal and orthodontic therapy

Jean-Louis Giovannoli, France

Combined periodontal and implant therapy

Mario Rocuzzo, Italy

When should we use Systemic Antimicrobials?

Rationale for the use of systemic antimicrobials

Arie Jan van Winkelhoff, The Netherlands

Decisions based on clinical diagnoses

Andreas Mombelli, Switzerland

Decisions based on microbiological profiles

David Herrera, Spain

Understanding Periodontitis: Current Base Knowledge

Biomarkers and Tissue Destruction

Use of biomarkers for periodontal diagnosis

Nurcan Buduneli, Turkey

MMPs as biomarkers of tissue damage

Timo Sorsa, Finland

Patient stratification for personalised periodontal medicine

William Giannobile, United States of America

Aetiology of Periodontitis

Understanding the aetiology of periodontitis: an introduction

Ubele Van der Velden, The Netherlands

Is there good evidence that plaque causes periodontitis?

Ian Needleman, United Kingdom

Is it time to move away from the "Plaque Paradigm" in the aetiology of Periodontitis?

Philippe Hujoel, United States of America

Understanding Periodontal Systemic Associations: Current Base Knowledge

Periodontitis and Cardiovascular Disease

Is there a significant association between periodontitis and CVD

Gerry Linden, United Kingdom

Biological Mechanisms Linking Periodontitis and Cardiovascular Disease

Maurizio Tonetti, Italy

Effects of Periodontal Interventions on Cardiovascular Risk

Phoebus Madianos, Greece

Periodontitis and Diabetes

Is there a significant association between periodontitis and diabetes

Francesco D'Aiuto, United Kingdom

Biological Mechanisms Linking Periodontitis With Diabetes Mellitus

Philip Preshaw, United Kingdom

Effects of Periodontal Interventions on Glycaemic Control in Diabetes

Thomas Kocher, Germany

Contemporary Practical Periodontics

Effective Management of Halitosis

Current knowledge on the aetiology of Halitosis

Ken Yaegaki, Japan

Current approaches to the assessment and diagnosis of Halitosis

Marc Quirynen, Belgium

Current approaches to the Treatment of Halitosis

Silvia Roldan, Spain

Critical Factors in the Assessment of Periodontal and Peri-implant Disease

Similar or different conditions

Giovanni Serino, Italy

Clinical Diagnostic Methods in Periodontal and Peri-implant diseases

Dick Barendregt, The Netherlands

Prognostic factors for the long term success for the Periodontal/Peri-implant Patient

Oystein Fardal, Norway

Effective Non-Surgical Therapies to treat Peri-Implantitis

State of the art in the non-surgical treatment of periimplantitis

Anne Merete Aass, Norway

Current approaches to instrumentation and decontamination of implant surfaces

Bahar Eren Kuru, Turkey

Adjunctive use of local antimicrobials

Nicole Arweiler, Germany

Differential Diagnosis of Diseases of the Periodontal Tissues

Desquamative gingivitis and non-plaque related periodontal conditions

Gil Alcoforado, Portugal

Differential diagnosis of non-plaque related gingival conditions

Mike Lewis, United Kingdom

Malignant and pre-malignant diseases of the periodontal tissues

Wilfried Wagner, Germany

SATURDAY, JUNE 6, 2015

Implants: Critical Factors in Bone Regenerative Therapies in the Anterior Maxilla

Critical Factors in Bone Regenerative Therapies in the Anterior Maxilla

State of the art in bone regeneration

Christer Dahlin, Sweden

Use of Grafts

Istvan Urban, Hungary

Use of Biologicals and Growth Factors

Zvi Schwartz, Israel

Keynote Lecture

The bone of the alveolar process and the edentulous ridge

Jan Lindhe, Sweden

Final Session

25 years of European Periodontology

Periodontal Specialist Forum

Prospects for Novel Biological Treatments of Periodontitis

Future avenues for the treatment of periodontitis

Kenneth Kornman, United States of America

Prospects for Use of Resolvins and Pro-resolution Biologicals

Alpdogan Kantarci, United States of America

Do Anti-Cytokine Therapies have a Role in the Treatment of Periodontitis?

Shauna Culshaw, United Kingdom

Keynote Lecture

Bioengineering of Teeth - A completely novel type of dental Implant?

Paul Sharpe, United Kingdom

Understanding Peri-Implantitis: Current Base Knowledge

Retio-pathogenesis of Peri-Implantitis

Key factors in the aetiology of Periimplantitis

Bruno Loos, The Netherlands

Pathogenesis of the Peri-implantitis Lesion

Tord Berglundh, Sweden

Understanding the key risk factors

Giovanni Salvi, Switzerland

Keynote Lecture

Insights in Periodontal Therapy

Niklaus Lang, Switzerland

Contemporary Practical Periodontics

Patient perspectives of periodontal diseases

How to assess patient related outcomes

Filippo Graziani, Italy

Screening for medical conditions in dental settings: the diabetes paradigm

Evanthia Lalla, United States of America

Impacts of Periodontal Disease on Quality of Life

Philippe Bouchard, France

ADDITIONAL PROGRAMME INFORMATION WEDNESDAY, JUNE 3, 2015

International Journal of Dental Hygiene – Research Symposium

Introduction the review process in an international journal

Kerstin Öhrn, Sweden

Cross-sectional studies and surveys

Jean Suvarn, United Kingdom

Randomised controlled trials

Birgitta Jönsson, Norway

Systematic reviews

Dagmar Slot, The Netherlands

EUROPERIO8 – SPONSOR SESSION PROGRAMME

Preliminary programme as per December, 2014. Subject to change.

Royal Victoria Dock
London, E16 1XL, United Kingdom
www.excel-london.co.uk

Closest airport: London City airport

CONFERENCE LANGUAGE

EuroPerio8 will be held entirely in English. Simultaneous translation into French and German for all sessions in the Main Auditorium. Other language translations will be provided upon request from EFP national societies.

CONTINUING PROFESSIONAL DEVELOPMENT / HOURS

EuroPerio8 is eligible for a maximum of 20 hours of continuing education.

CURRENCY

All official congress prices are indicated and cashed in Euro (EUR), except the hotel prices which are indicated in pound sterling (£) (GBP). The official currency in the United Kingdom is the pound sterling (£). All major credit cards are accepted at most hotels, restaurants and shops.

EXCHANGE AND BANK

Banks are open from 09:30 am to 03:30 pm, Monday to Friday. All banks are closed at weekends and on public holidays.

There are plenty of currency exchange offices and banks at which to exchange your money into pound sterling (GBP), fees will apply.

To withdraw money, look for a cashpoint (ATM) that displays the Visa, Mastercard, Cirrus or Maestro symbol. When withdrawing money from a non-UK account fees will apply. Contact your bank for details before travelling.

INSURANCE AND LIABILITIES

The organisers cannot be held responsible for any personal injury, loss, damage or accident to private property, or for additional expenses incurred as a result of delays or changes in air, rail, road or other services, strikes, sickness, weather and other causes either during, or as a result of the meeting. All participants are encouraged to make their own arrangements for health and travel insurance.

PASSPORT AND VISA

Citizens of the EU as well as from Australia, Canada, New Zealand, South Africa and the USA do not need a visa to enter the United Kingdom. From all other countries, a visa is required.

However, visa regulations are subject to change, it is therefore recommended to check at www.ukba.homeoffice.gov.uk/visas-immigration or with your local British embassy before leaving home. As the application process for visas may be time-consuming, it is recommended to apply as early as possible. The Organising Secretariat may help you with invitation letter, please consult the corresponding section above.

SMOKING

Smoking is strictly prohibited during all meetings and sessions and in exhibition halls at all times.

TIME ZONE / WEATHER

London in June is in the British Summer Time Zone (GMT +1). London has one of the mildest climates in the UK, but the weather can be unpredictable. Londoners are used to carrying both an umbrella and sunglasses to be prepared for any kind of weather. The average temperature in June is about 20°C.

TRAVEL (OFFICIAL CARRIER)

STAR ALLIANCE

SAVE UP TO 20% ON TRAVEL WITH THE STAR ALLIANCE™ NETWORK
