

WELCOME

It gives me great pleasure to present to you details of our HSE Dental Surgeons Seminar 2018. This year we head to the town of Portlaoise and the Midlands Park Hotel.

I am indeed honoured to act as Group President for 2018-19. I very much look forward to the year ahead and representing you, our HSE members.

The event will take place on Thursday and Friday, October 11-12, at the Midlands Park Hotel. I am delighted to present a slightly different format this year, similar to our 2016 seminar, where we introduced a series of workshops on the Friday.

Thursday's programme will be similar to previous years, with clinical presentations on various relevant topics such as orthodontics, special care dentistry, SOEL health, trauma and much more. I am especially delighted to welcome Dr Joe Green, National Oral Health Lead, HSE, to open the seminar. A full trade show will also take place on Thursday.

Friday will see a slightly different format. The morning will include two very worthwhile presentations from Dr Eleanor McGovern and Dr Susan Parekh. This will be followed by a series of four practical tutorials with demonstrations to smaller audiences. Every delegate will have the chance to complete all four tutorials throughout the day: oral radiology; infection control; medical emergencies; and, paediatric treatment planning.

All members of the dental team are welcome to attend our event. By no means is it exclusively for those employed by the HSE: GPs and specialists are also welcome to attend.

Finally, our Seminar social evening takes place on Thursday evening in a nearby restaurant. We look forward to a casual social evening with all welcome to attend.

I look forward to seeing you in Portlaoise in October.

Dr Christine Myers
President Elect
HSE Dental Surgeons Group, IDA

REGISTRATION

Delegates have the option to attend the seminar **LECTURES** (i.e., all day Thursday and from 10.00am–11.00am Friday) and/or the **WORKSHOPS** on Friday.

CPD points will be allocated for both Thursday and Friday separately. To avail of all CPD points and core CPD areas you must attend both days. Go to the 'Book CPD events' tab of dentist.ie to book.

IDA MEMBERS	EARLY BIRD	AFTER OCT 5
Full seminar	€160	€180
One day	€120	€140
Thursday dinner	€40	€40

NON MEMBERS	EARLY BIRD	AFTER OCT 5
Full seminar	€320	€360
One day	€240	€280

Dental team member: €120 for both days; €80 for one day.

THURSDAY DINNER

This year our Thursday evening dinner will take place in Kelly's Steakhouse. A buffet-style supper with wine for one is €40. Places are limited so early booking is advised. Booking for the dinner must be done online. Entertainment will also be provided at what will be a very enjoyable evening with colleagues and friends.

ACCOMMODATION

All reservations must be made directly with the Midlands Park Hotel.

Tel: 057-867 1919

Overnight rate is €90 single room per night.

Twin/Double €100 (€50 per person sharing)

ADA C·E·R·P® | Continuing Education Recognition Program

Irish Dental Association is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Irish Dental Association designates this full activity for 9.15 hours continuing education credit.

CANCELLATION POLICY

All cancellations must be received in writing either by email, or by post to IDA House, Unit 2 Leopardstown Office Park, Sandyford, Dublin 18. Cancellations received 29 days or more prior to the course/event will be entitled to a 100% refund. Cancellations received between 15 days and 28 days (inclusive) prior to the course/event will receive a 75% refund. For cancellations received between 1 day and 14 days (inclusive) prior to the course/event, no refund will be given. Failure to attend the course/event on the day will constitute late cancellation and no refund will be given. Substitutions are welcome at any time. Due to unforeseen circumstances, the programme may change and the IDA reserves the right to cancel the event or alter the venue and/or speakers.

SPEAKERS

WORKSHOP 2  <p>Dr Nick Armstrong Nick is a former HSE dental surgeon and a current IDA Quality and Patient Safety Committee member. He graduated from Trinity College Dublin in 1974 and worked in private practice in the UK for 16 years.</p>	WORKSHOP 4  <p>Dr Paul Ashley Paul graduated from the University of Manchester in 1991 and subsequently got his PhD from there. He has been at the UCL Eastman since 1998 and is Academic Lead for Paediatric Dentistry. Along with Dr Susan Parekh, he runs full-time and distance learning programmes in paediatric dentistry. His research interests are dental materials, evidence-based dentistry and the oral health of athletes.</p>	WORKSHOP 1  <p>Dr Andrew Bolas Andrew received his BDA from Queen's University in 1991, his FFDRCI in oral surgery in 1994 and his FDSRCS(Ed) in oral surgery and oral medicine in 1995. He then went on to receive his MSc dental radiology in 2000. Andrew works as a dental advisor to the National Radiation Safety Committee and Medical Exposures Radiation Unit of the HSE and was the President of the IDA in 2012.</p>	WORKSHOP 3  <p>Dr Eamon Croke After graduation in 1979, Eamon worked in general practice in the UK. He has an MSc in prosthetics from the Eastman Dental School. He works in private practice and lectures in the Dublin Dental School and Hospital.</p>	WORKSHOP 4  <p>Dr Martin Foster Martin qualified in 1986 in Edinburgh and worked in general practice before moving into a career in the Community Dental Service. He completed a Master's in Public Health, the Diploma in Health Service Management and registration as a Specialist in Paediatric Dentistry. Martin is the DPL lead for Ireland. He is a regular presenter on a range of legal and ethical issues and has a particular interest in communication and risk management.</p>	WORKSHOP 3  <p>Dr Caoimhin MacGhiolla Phadraig Kev is a special care dentist and activist for people with disabilities in Ireland. He has an interest in oral hygiene for people with disabilities, and has studied this area for over 10 years. His aim is to improve the supports available for people with disabilities and thereby make Ireland a better place for everyone.</p>	WORKSHOP 4  <p>Dr Eleanor McGovern Eleanor qualified from the University of Sheffield in 1999. She has completed specialist training in paediatric dentistry at Trinity College Dublin, and a clinical fellowship in Our Lady's Children's Hospital Crumlin. Eleanor is a Consultant in Paediatric Dentistry in Temple Street Children's University Hospital, Dublin. She has a special interest in the provision of dental care for children with cleft lip and palate, craniofacial syndromes, and for children with inherited metabolic disorders.</p>	Dr Joseph Noar Joseph has been a Consultant and Hon. Senior Lecturer in orthodontics at the Eastman Dental Hospital/Institute since 1994. He has an active role in research and is particularly interested in early intervention in developing malocclusion. He has supervised numerous research projects, published more than 70 articles in refereed journals and delivered many research presentations at local, national and international meetings.	Dr Anne O'Neill Anne has worked for the HSE for several years, and provides treatment under general anaesthetic to adults with special needs. As Principal Dental Surgeon, she is working on the development of the new dental GA clinic for children at the Urgent Care Centre at Connolly Hospital. As National Administrator of the SOEL dental system, she undertakes a number of roles, including business owner on behalf of the dental areas, clinical project lead, and chair of the National Data Standards Group.	Deirdre O'Neill Deirdre has worked for the HSE for several years. In her role as dental nurse, she assists at the dental GA clinic, which provides treatment under general anaesthetic to adults with special needs. She is one of two senior nurses supporting clinical care in the Dublin North dental area. As National Administrator of the SOEL dental system, she undertakes the set-up of new dental areas, trains new users and participates in the work of the National Data Standards Group.	Dr Susan Parekh Susan graduated from Edinburgh in 1993 and worked in private practice and the Community Dental Service for five years before starting her training and PhD in paediatric dentistry at the UCL Eastman. She has also worked at Great Ormond Street Hospital. Along with Dr Paul Ashley, she runs full-time and distance learning programmes in paediatric dentistry. Her research interests are dental anomalies and pain management in children. She is also involved with dental education, both nationally and internationally.	Safe Hands Training  <p>Kelly Doherty Kelly has a BSc(Hons) in Nursing Sciences from Queen's University Belfast, and an MSc in Health Sciences from Warwick University. She is an advanced life support instructor.</p> <p>Patrick O'Hare Patrick has a BA(Hons) in History, Philosophy and Sociology from Maynooth University, and a Diploma in Nursing Sciences from Queen's University Belfast. He is an advanced life support instructor.</p>
