4.30pm	End

## SOUTHERN BRANCH ANNUAL SCIENTIFIC MEETING 2025

## ON THE CASE: A day of periodontics, endodontics, oral surgery and prosthodontics

SOUTHERN BRANCH  
ANNUAL SCIENTIFIC  
MEETING 2025

FRIDAY, NOVEMBER 7, 2025  
FOTA ISLAND RESORT, CORK

## WELCOME

I am excited to welcome you to our ASM here in Fota and I appreciate you all taking the time out of your schedules to attend. We have four excellent speakers and the idea has always been to try and tie our lectures in to your daily practice lives.

I am very grateful to all of our sponsors and my fellow committee members, and also to Elaine and Rosy at IDA House. Without them reminding me and helping me, I don't think I would ever get anything done!

Have a great day today and enjoy a day away from practice, catching up with colleagues.

**Dr Bob Philpott**  
*President, Southern Branch  
Irish Dental Association*

**ADA CER.P®** | Continuing Education  
Recognition Program

Irish Dental Association is an ADA CER.P Recognized Provider. ADA CER.P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CER.P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Irish Dental Association designates this full activity for 5 hours' continuing education credits.

## SPEAKERS

### Dr Caroline McCarthy

After qualifying with honours from University College Cork in 2009, Caroline went on to spend two years working in private practice in Kent in the UK. She then worked in SHO positions in hospitals in Cork and the UK, completing her membership exams from the Royal College of Surgeons in Edinburgh during this time.

In April 2016, Caroline graduated as an oral surgeon with a Doctorate in Clinical Dentistry (Oral Surgery) and an FFD from the RCSI. Caroline now splits her time between specialist practice in Bandon and her role as a lecturer/specialist in Cork University Dental School and Hospital.

### Dr Mary O'Dea

*BDS (NUI) MClintDent in Periodontology  
UCL*

Mary graduated from University College Cork in 1993 with a Bachelor of Dental Surgery Degree. She worked in private practice in London for seven years and attended many courses relating to general dentistry during her time there,

before returning to Cork in 2000. Mary practised as an associate dentist before setting up her own practice in 2002. After gaining a wide range of experience as a general dentist for 11 years, Mary commenced three years of full-time specialist training in periodontology and implant dentistry at the UCL Eastman Dental Institute, London, in 2004. This qualification involved clinical training and a research thesis on the genetic heritability of periodontal disease due to neutrophil dysfunction.

Mary treats periodontal disease non-surgically and surgically. She provides mucogingival surgery, crown lengthening surgery, bone grafting and dental implant surgery. She is certified by the European Federation of Periodontists and attends international conferences in periodontology and implant dentistry. Mary is a member of the Irish Dental Association, the Irish Society of Periodontology, the European Federation of Periodontology and the International Team for Implantology.

### Dr Jane O'Regan

Jane graduated with a Bachelor of Dental Surgery from University College Cork in 2017. She was awarded the American Association of Endodontists Certificate prize in her final year for first place in clinical endodontics. Upon graduation, she worked in a general dental practice in Dublin for two years and during this

time, she completed her membership of the Faculty of Dental Surgery (MFDS) examinations with the Royal College of Physicians and Surgeons Glasgow. She returned to Cork University Dental School and Hospital in 2019 to take up a role as Senior House Officer in Restorative Dentistry, where she had a keen interest in endodontics. She went on to complete a two-year full-time clinical master's degree (MClintDent) in endodontology at the Eastman Dental Institute in London. She returned to Ireland to practise as an endodontist and is currently based at The Clermont Clinic in Cork and in Maynooth.

### Dr Padraig McAuliffe

Padraig graduated from University College Cork in 2002, and in 2010 completed his clinical doctorate in prosthodontics from Trinity College Dublin. After finishing his graduate training, Padraig did post-doc work in Montreal in the world-renowned team of Prof. Gilles Lavigne, where he gained further expertise on bruxism

and the dental management of sleep apnoea. He co-founded Riverpoint Specialist Dental Clinic in Limerick, where he runs a practice limited to prosthodontics, implants and dental sleep medicine. In addition to clinical practice, he is actively involved in research and product development with collaborators around Europe in the areas of digital dentistry and AI.
